APPLICATIONS

**WATERJET CUTTING**

Waterjet cutting technology is the fastest growing major machine tool process in the world.

**INDUSTRIAL CLEANING**

The benefits of UHP industrial cleaning has resulted in its worldwide acceptance.

**OTHER APPLICATIONS**

[Automation](#)  
Creative manufacturing ideas evolve from solid engineering.

**HOW WATERJETS WORK**

Why is waterjet technology so amazing?

PRODUCTS

**WATERJET CUTTING**

Flow waterjets cut without heat and leave a clean edge, eliminating the need for secondary finishing.

**INDUSTRIAL CLEANING**

UHP industrial cleaning systems prepare superior surfaces faster, and with less cost.

**OTHER PRODUCTS**

[Automation](#)  
The Flow Automation team supports equipment installations worldwide.

**FEATURED PRODUCT**

Dynamic Waterjet produces precise parts, faster!
